[Teach for America](#)

This Web site has complete information on Teach for America (TFA), a "national teacher corps" of recent outstanding college graduates committed to teaching and effecting change in under-resourced urban and rural public schools. Includes the corps' origin and history, training and certification requirements, application processes, salary/financial benefits, a FAQ, length and description of service, current states served, alumni testimonials, newsletters, and more.

Added to LI: 2001-08-27

[Teaching Gutenberg](#)

This site explores two topics related to the Gutenberg Bible at the University of Texas. The "Invention" section explores Johann Gutenberg's creation of the first book printed with movable type, and "Books Before and After Gutenberg" considers the development of written materials from clay tablets to facts about modern printing. Includes images, lesson plans, and a glossary. From the Harry Ransom Humanities Research Center at the University of Texas at Austin.

[German-American Teaching Resources and Units](#)

Collection of links to resources related to the study of German-American history and culture. Topics include German-American dialects, German names and words, German immigration, Germantown, Pennsylvania, Saint Nicholas and Christmas, and more. Sponsored and maintained by Indiana University-Purdue University Indianapolis (IUPUI) University Libraries.

[Alumni Directories](#)

A lightly annotated list of websites for finding old school friends and planning a class reunion.

URL: http://www.teach-nology.com/teachers/alumni_directories/

Added to LI: 2000-11-04

[The Virtual Autopsy](#)

This site presents seven real autopsies that were performed, allowing users to click through the autopsy and arrive at a cause of death. Each case includes a brief clinical history and descriptions of various organs and systems. Produced by the University of Leicester as a learning tool for its medical students.

[Utah Shakespearean Festival: Educational Resources](#)   

This site features synopses, lists of characters, themes, and commentary about Shakespeare and many of his plays as well as about other renowned playwrights and their work. Includes playacting activities for K-12 students. "A great starting point for research and study, for **teaching**, and for general information."

URL: <http://www.bard.org/Education/resources.html>

Added to LII: 2002-09-28

[New User Tutorial](#)   

A site designed to **teach** new users basic computer skills such as using the mouse and the scrollbar, entering commands in dialog boxes, double clicking, and using the File menu and other basic Windows functions. Navigation from page to page is easy for people just learning how to use computers. Tutorial is also available in Spanish.

URL: <http://tech.tln.lib.mi.us/tutor/welcome.htm>

Added to LII: 2000-05-09

[Back to School](#)   

Annotated links to **teacher** resources such as back-to-school activities, icebreakers, classroom management techniques, and related concepts and tools. Includes general **teaching** ideas and resources for English as a Second Language (ESL) **teachers**. From the Canadian Association of Second Language **Teachers** (CASLT).
